

# EVALUATION CERTIFICATE

**No. 0200-WL-09366**

**Object name** BA201-M Series  
**Object type** Non-automatic weighing indicator  
**Issued by** Force Certification A/S

Issued in accordance with the requirements in WELMEC Guide 8.8:2017” Guide on General and Administrative Aspects of the Voluntary System of Modular Evaluation of Measuring instruments”.

**In accordance with** EN 45501:2015, OIML R76:2006 and WELMEC Guide 8.8:2017.

**Issued to** Società Cooperativa Bilanciai Campogalliano  
Via S.Ferrari 16  
41011 Campogalliano (MO)  
Italy

**Manufacturer** Società Cooperativa Bilanciai Campogalliano

**In respect of** Weighing indicators tested as a module for a weighing instrument.

**Characteristics** Suitable for non-automatic weighing instruments with the following characteristics:  
Weighing range: Single-interval  
Accuracy class: III or IIII  
Number of VSIs:  $n \leq 6000$   
Minimum input voltage per VSI:  $\geq 1.0 \mu\text{V}$   
The essential characteristics are described in the annex.

**Description and documentation** The weighing indicator is described and documented in the annex to this certificate.

**Remarks** Summary of tests involved: see annex.

This evaluation certificate cannot be quoted in an EU type examination certificate without permission of the holder of this certificate mentioned above.

The annex comprises 7 pages.

**Issued on** 2020-10-20

**Jens Hovgård Jensen**
