## Request for FORCE Certification A/S product certification according to Regulation (EU) 305/3011

### Declaration

We declare that the information given in this form is accurate and complete and that a Conformity Assessment is requested for the products detailed herein. Furthermore, we will always comply with the terms and conditions of certification scheme.

We confirm that the same application for approval according to CPR has not been lodged with any other notified body.

We agree to give the examiners of FORCE Certification A/S and/or their representative every facility and necessary access to carry out their duties and agree to pay the fees and expenses incurred for these services provided by FORCE Certification A/S resulting from this request.

We agree to cover all expenses in connection with application for certification license and defined follow up as given in relevant technical specification, standard or directive.

This request is made upon the following terms which can be found on our website: [www.forcecertification.com](http://www.forcecertification.com):

- FORCE Certification A/Ss General Conditions
- Product Certification in accordance with the procedure set out in the publication: ABC-CPR - General terms for certification of products according to EU Construction Product Regulation

Product Certification certifies that a representative sample of the product referred to herein has/have been found to meet the applicable requirements for the Regulation specified herein. It does not mean or imply approval for any other use, nor approval of any product designed or manufactured otherwise than in strict conformity with the said representative sample. The scope of FORCE Certification A/S's involvement does not/will not include specific checks to establish whether any computer software or hardware is capable of handling date changes without loss of performance or functionality.

Product Certification is based on the understanding of compliance with the manufacturer's recommendations and instructions and any relevant requirements of the Regulation.

FORCE Certification A/S reserves the right to cancel or withdraw Product Certification in accordance with the specified procedure.
