## Validation and verification of Greenhouse gas emission reports, basis for free allocation of emission allowances and adjustments to the free allocation due to activity level changes

Specification of accreditation scope:

Commission Implementing Regulation (EU) 2018/2066 on the monitoring and reporting of greenhouse gas emissions pursuant to Directive 2003/87/EC

Commission Delegated Regulation (EU) 2019/331 on determining transitional Union-wide rules for harmonised free allocation of emission allowances pursuant to Article 10a of Directive 2003/87/EC of the European Parliament and of the Council

Commission Delegated Regulation (EU) 2024/873 amending Delegated Regulation (EU) 2019/331 as regards transitional Union-wide rules for harmonised free allocation of emission allowances

Commission Implementing Regulation (EU) 2019/1842 on laying down rules for the application of Directive 2003/87/EC of the European Parliament and of the Council as regards further arrangements for the adjustments to free allocation of emission allowances due to activity level changes

The accreditation is valid for verification of installations with the following activity groups:

<b>Activity Group acc. to Regulation (EU) 2018/2067, Annex I</b>
<p><u>Group 1a:</u> Combustion of fuels in installations, where only commercial standard fuels as defined in Regulation (EU) 2018/2066 are used, or where natural gas is used in category A or B installations.</p>
<p><u>Group 1b:</u> Combustion of fuels in installations, without restrictions. Include installations with combustion of waste with continuous emission measurement (CEMS)</p>
<p><u>Group 3:</u> - Production of pig iron or steel (primary or secondary fusion) including continuous casting</p>
<p><u>Group 6:</u> - Production of lime or calcination of dolomite or magnesite - Manufacture of ceramic products by firing - Drying or calcination of gypsum or production of plaster boards and other gypsum products</p>
<p><u>Group 7:</u> - Production of pulp from timber or other fibrous materials - Production of paper or cardboard</p>
<p><u>Group 98:</u> Other activities pursuant to Article 10a of Directive 2003/87/EC.</p>

The verification body complies with the requirements in Commission Implementing Regulation (EU) 2018/2067 on the verification of data and on the accreditation of verifiers pursuant to the Directive 2003/87/EF of the European Parliament and of the Council

The verification body complies with the requirements in EN ISO 14065:2021 - General principles and requirements for bodies validating and verifying environmental information
